MUST's Safety Skill & Competency Training Courses

These courses are primarily aimed in imparting skills competency and knowledge to participants with emphasizing on safety operation. To perform scaffolding works, it is compulsory to have a valid license, hold a valid scaffold certificate issued under the DOSH and be competent (through training and experience) to undertake the work. Scaffolding is considered as high risk work and there are consequences for not performing the work safely.

1. **BASIC SCAFFOLDING COMPETENCY (DOSH)** – 10 DAYS COURSE
2. **INTERMEDIATE SCAFFOLDING COMPETENCY (DOSH)** – 10 DAYS COURSE
3. **BASIC SCAFFOLDING (TUBULAR)** – 5 DAYS COURSE
4. **INTERMEDIATE SCAFFOLDING (TUBULAR)** – 5 DAYS COURSE
5. **SCAFFOLDING SAFETY INSPECTION** – 2 DAYS COURSE
6. **SCAFFOLDING SAFETY INSPECTION (REFRESHER)** – 1 DAY COURSE
7. **SCAFFOLDING SAFETY APPRECIATION (TUBULAR)** – 1 DAY COURSE
8. **SCAFFOLDING REFRESHER** – 1 DAY COURSE

SAFETY SOLUTION BEGINS WITH US...

Welcome to training and assessment with 'MUST'

In today's oil and gas, petrochemical, energy and marine industries, **effective** training for the operational staff has never been more important. Crucial for ensuring the **safe operation** of your site, good training skills will also ensure that the staff and operations comply with the latest **Health and Safety** legislation. However, training should not be seen just in terms of compliance, it will also boost staff confidence and morale, improve the **quality** and speed of work and increase the overall **efficiency** of your operation.
